# Controller Wi-Fi, on/off/dim

Item no.: 3423100076

This singlewhite controller allows you to control all your connected products via your phone. By doing so you can conveniently and easy turn your lights on and off and dim it.

With a singlewhite controller with WiFi you can dim your lights without using a dimmable driver or a dimmable wall-switch.

You can easily install this singlewhite controller to your existing 12V lighting set-up.

You can also acquire Kinetic Switch[3423100102] which is a wireless and battery less switch that you can use instead of a traditional wall switch
